You're taking safety AWAY from residents making your city booming with money. No one wants to wait 45 minutes for a cab that will probably be stolen from another on goer anyway.

Subject: Uber is great!

Please allow Uber to operate in Charleston.

I have lived in SF, and used Uber there and in DC and NYC often. It is undeniably the most convenient and accessible form of car service I have ever used.

There are simply not enough taxi cabs to service Charleston's ever growing population, and all of my experiences with Uber have been exemplary.

With all the growth this city is allowing, many major Hotels etc... I can't imagine why you wouldn't want to allow uber as the other major cities have, it is a great option and I know soon many people who use it on a daily basis.

Please allow Uber to operate HERE.

Thank you,
A concerned citizen
